# 1. Background

---

## 1.1 Overview

On 11 June 2019, the Australian Securities and Investments Commission ABN 86 768 265 615 (**ASIC**) published the Principals Projects for Secondary Schools Grant Opportunity Guidelines on GrantConnect. The type of grant opportunity was closed and non-competitive, which invited the Australian Secondary Principals' Association Inc. ABN 29 914 861 048 to submit an application under it.

On 20 June 2019, ASIC awarded the one single grant of \$198,000 (GST inclusive) to ASPA under this grant opportunity.

This grant opportunity is announced as part of ASIC's Moneysmart for teachers program.

Under this grant, ASPA is to conduct or administer three rounds of funding for and on behalf of ASIC for the financial year period of 2019–2020, 2020–2021 and 2021–2022 for Principals of Secondary Schools under the ASIC's Moneysmart for teachers program.

These guidelines contain information for you to apply for funding from ASPA in relation to the above grant program and opportunity.

Award of funding for **Round 2** in this matter will be completed by ASPA in late November 2020.

## 1.2 How it works

ASPA will update these guidelines and republish them on its website at the relevant point in time for Round 3 of this matter for the financial year period 2021–2022.

You must read this document before filling out an application for funding under **Round 2** of this matter.

The funding under **Round 2** of this matter is to suitable principals of secondary schools to carry out grant activities related to their respective Secondary Principals Project to build consumer and financial literacy and capabilities of secondary school aged children as well as the broader school communities.

## 1.3 The objectives

The objectives and intended outcomes of the funding for Round 1 of this matter are:

- support better learning outcomes for secondary school aged students in respect of their financial abilities
- contribute to the financial wellbeing of school communities, and
- for the composition of grantees in any rounds of this grant opportunity to broadly reflect the diverse range of secondary schools in Australia in respect of geographical location and entity types, such as public, catholic or independent.

# 2. Funding amount

---

ASIC has awarded one single grant to ASPA that totals \$180,000 (GST inclusive) over a period of three years for this grant opportunity.

There are three rounds of funding (2019–2020, 2020–2021, and 2021–2022 financial year periods) conducted or administered by ASPA in this matter with each round of funding totalling \$66,000 (GST inclusive).

It is expected that in each round of funding, ASPA in consultation with ASIC will assess and approve up to 15 applications from Principals of Secondary Schools to receive funding and depending on the nature and scope of Project, each funding amount may range from a minimum of \$3,000 (GST inclusive) to a maximum of \$5,000 (GST inclusive).

## **3. Funding eligibility and assessment criteria**

---

### ***3.1 Who is eligible to apply for funding?***

To be eligible you must be an individual who is a Principal of a secondary school in an Australian State or Territory.

Although funding in this matter is to a Principal of a Secondary School, the ultimate beneficiaries of this funding is the secondary school aged students and the broader community of that school. In the event you as the successful principal departs a secondary school, and there is a replacement or acting Secondary Principals appointed for that school, then you must contact ASIC and ASPA for a variation to or novation of the letter of agreement in accordance with section 9.4 of these guidelines to reflect this change of circumstance.

### ***3.2 Who is not eligible to apply for a grant?***

You are not eligible if you are:

- a State or Territory Government
- a local government organisation
- an overseas resident.

### ***3.3 What qualifications or skills are required?***

If you are successful, you will need to ensure staff working on any approved activity or project validly maintain any qualifications, skills, standards or requirements that are imposed on a secondary school teacher or Secondary Principals by the Australian Skills Quality Authority or the relevant State's or Territory's Education Department.

### ***3.4 Assessment criteria***

#### ***3.4.1 How to fill out your application***

There is a diverse range of projects that may be suitable or relevant to your secondary school. ASIC and ASPA are looking for new and innovative proposals.

The amount of detail and supporting evidence you provide in your application should be relative to the project's size, complexity and the funding requested.

Cross sector and school collaboration for the Moneysmart Funding for Principals is encouraged.

You will need to address the following assessment criteria in your application:

1. provide a clear rationale and description of your innovative proposal that you consider to be appropriate to deliver maximum financial literacy results or outcomes for the secondary

school aged children and your broader school community. (What do you want to do and why?)

2. list the expected financial literacy outcomes of the project. (What do you want to achieve?)
3. describe how the project's outcomes will be shared with others e.g. at sector level, within your cluster group and wider school community. (How do you intend to share/promote the project?)
4. propose ideas on how the outcomes for this project will provide learning opportunities for future students. (How will the project provide ongoing opportunities for future students in the school?)

**NOTE:** In providing your responses to the above criteria, include information that addresses or describes your experience, capability and capacity as a principal of a secondary school to plan, conduct, implement and evaluate the proposed project. (Have you and your staff undertaken or similar projects?)

### *3.4.2 How your application will be assessed*

Consideration will also be given to whether the proposed project achieves value with relevant money and represents a suitable risk for ASIC from a compliance perspective.

The first four assessment criteria are scored and given equal weighting.

Projects that deliver, support or contribute to long term outcomes for secondary school aged children and the broader school communities will be rated higher than those proposed projects that only deliver, support or contribute to short term or transient outcomes.

## **4. Eligible funding activities**

---

### *4.1 What can the funding be used for?*

You must use and spend the funding for the only any project or activity that is approved or as set out in the letter of agreement.

### *4.2 What the funding cannot be used for?*

Funding is not provided for:

- purchase of land
- wages, except as otherwise expressly provided for in the letter of agreement, for example, to cover the costs of replacement teachers through the Teacher Relief Scheme to enable existing teaching staff members to be offline and working on Moneysmart Funding for Principals projects
- major capital expenditure
- the covering of retrospective costs
- costs incurred in the preparation of a grant application or related documentation
- subsidy of general ongoing administration of an organisation such as electricity, phone and rent
- major construction/capital works

- overseas travel, and
- activities for which other Commonwealth, State, Territory or Local Government bodies have secondary responsibility.

We cannot provide a grant if you receive funding from another government source for the same purpose to prevent double dipping.

## 5. The funding selection process

---

First, ASPA will check your application to ensure that it meets the eligibility criteria. Only eligible applications will move to the next assessment stage. Eligible applications will be considered through an open and competitive process.

ASPA and ASIC will then assess eligible applications against the assessment criteria set out above and against other applications. Your application will be considered on its merits, based on:

- how well it meets the assessment criteria
- how it compares to other applications, and
- whether it is achieving value with relevant money.

## 6. Application process

---

### 6.1 Overview of application process

### 6.6 Further rounds in this funding

Any applications that have not been successful in Round 1 of funding in this matter for the financial period of 2019–2020 may be considered for subsequent Rounds 2 or 3 of funding in this matter when it re-opens a for the financial periods of 2020–2021 and 2021–2022.

Conversely, an application for funding that is successful for any round in this matter is likely to be ineligible for funding in subsequent round(s) of funding, unless that new Secondary Principals Project is clearly exceptional or outstanding in meeting the funding's intended objectives and outcomes.

At such point in time ASPA and ASIC will release further or updated details and requirements about Rounds 3 of funding in this matter.

## 7. Assessment of applications

---

### 7.1 Who will assess applications?

Your application will be assessed for eligibility in late November 2020 by an assessment committee.

ASPA's staff members will act as external advisors and form part of the assessment committee to inform the assessment process.

The assessment committee may seek information about you or your application. They may do this from within ASIC, ASPA or the Commonwealth generally, even if the sources are not nominated by you as referees. The assessment committee may also consider information about you or your application that is available through the normal course of business.

If the selection process identifies unintentional errors in your application, you may be contacted to correct or explain the information.

Accordingly, the assessment committee at its absolute and sole discretion may also conduct due diligence on you, your school or proposed Secondary Principals Project by using a risk assessment matrix based on the information contained in your application and any other information made available to us by any party.

### 7.2 Who will approve funding?

Following assessment, recommendations will be made to the decision maker, who is the Senior Executive Leader of ASIC's Financial Capability Team.

The decision maker will make the final decision to approve funding.

The decision maker's decision is final in all matters, including:

- the approval of funding
- the funding amount to be awarded, and
- the terms and conditions of the funding.

There is no appeal mechanism for decisions to approve or not approve a grant.

## 8. Notification of application outcomes

---

You will be advised of the outcomes of your application in writing, following a decision by the decision maker. For successful applicants, details of any specific conditions attached to the funding will be set out in the letter of agreement.

## 8.1 Feedback on your application

If you are unsuccessful, you may ask for feedback from ASPA within five working days of being advised of the outcome. ASPA in consultation with ASIC will provide written feedback within one month of feedback being requested.

## 9. Successful applications

---

### 9.1 Funding awarded

If you are successful, you will receive a letter of agreement from ASIC or ASPA. This letter will confirm you have met the requirement for funding.

### 9.2 The funding agreement

If you are successful, you must sign and return the funding letter agreement to ASIC or ASPA and this letter may will incorporate the Commonwealth Standard Terms and Conditions, such as but not limited to the Commonwealth General Grant Conditions.

Any additional specific terms and conditions attached to the funding will be clearly identified in the offer of the funding letter agreement to you or during the funding negotiations with you.

If there are unreasonable delays in finalising the funding letter agreement, the funding offer may be withdrawn, and may be awarded to a different applicant.

Where you fail to meet the obligations set out in the funding letter agreement, ASIC may terminate or cancel the funding in accordance with the Commonwealth General Grant Conditions at Schedule 1 of the funding letter agreement.

You should not make financial commitments until ASIC or ASPA has received a signed copy of your funding letter agreement.

### 9.3 How the funding will be paid

The funding will be paid as one lump sum up-front by ASPA to successful applicants in accordance with section 11.4 of these guidelines.

### 9.4 Variations to or novation of the letter of agreement

ASIC and ASPA recognise that unexpected events may affect the progress of the Secondary Principals Project. In these circumstances, you can request a variation to or a novation of the funding letter agreement, including:

- changing project milestones
- extending the timeframe for completing the project, and
- a replacement or acting Principals in the event of the departure of you (i.e. the existing principal) from that secondary school.

An increase to the agreed amount of funding is not permitted in this matter.

If you want to propose changes to the letter of agreement, you must put them in writing before the completion date set out in the funding letter agreement. Contact ASPA through [admin@aspa.asn.au](mailto:admin@aspa.asn.au) for further information. ASIC and ASPA will not consider changes after the completion date.

You should not assume that a variation request will be successful. ASIC and ASPA will consider your request based on factors such as:

- how it affects the outcomes of the funding
- consistency with the objectives of the funding and any relevant policies of ASIC or the Commonwealth
- changes to the timing of funding payments, or
- availability of funding.

## 10. Announcement of the funding

Occasionally ASPA may need to re-examine claims, seek further information or request an independent audit of claims and payments.

## 11.4 Grant payments and GST

Payments will be made as set out in the funding letter agreement. Payments will be GST Inclusive.

If you are successful, a single payment will be made by ASPA to you within 20 working days of when the funding letter agreement is signed and returned by you to ASIC or ASPA.
